About the VAC

The **Visual Arts Club** provides programs that offer members a wide range of art subjects designed to provide opportunities for creative involvement and active participation in a variety of art arenas, including the sponsoring of art exhibits and other artists' programs. Fellowship and friendship are encouraged among Club members and others interested in the arts. Go to our website for complete information.

Activities

Monthly Meetings are held the first Thursday of each month. We begin with a short business meeting that is followed by a program given by members, local artists and other experts in the visual arts field.

Monthly Luncheons are held at area restaurants, with sack lunches in the Studio or in member's homes.

Art groups meet on Saturdays to work in specific mediums (Oriental Brush, Collage, Big Painters).

Workshops/Classes

Members and local artists teach classes and workshops in the Visual Arts Studio. A fee is charged for participation. Classes are offered for beginners and advanced artists.

Class offerings in 2009
