

Bill Lacy, Art Instructor

Course Description:

Life Drawing for all levels

Five 1 $\frac{1}{2}$ drawing sessions with a live model.

Bill Lacy will actively demonstrate how to draw from the model. In this class students can expect to learn how to use media (Vine Charcoal or Conte' Crayon) and how to approach a figure drawing composition. He will also demonstrate short cuts that point you toward success in figure drawing. Each student will receive personal instruction and critiques to help them attain the success they desire. As a professional artist Bill feels that drawing is the foundation of all art.
