He has taught over 15,000 students a year how to draw and write by going into schools across the United States.

His class will be divided into three sessions.

Session 1: You will learn how to do simple cartoon drawings.

Session 2: You will learn how to write using a simple formula.

Session 3: You will put the drawing and writing together to produce a children's story.

Scott will also teach you how to teach your children and/or grandchildren how to write and illustrate a story. He will share with you the necessary steps and training needed to pursue a career in Illustrating Childrens' Books.
